LEADERSHIP - BLESSED TO BE A BLESSING

Dear Church Leaders:

You are about to read an amazing document on leadership at Matthews United Methodist Church (MUMC). It is born out of the hopes and dreams of a number of folks who care about the leaders in our midst. We know leadership is challenging, engaging, difficult, painful, costly and so rewarding. Leadership is all that when it comes to MUMC but rest assured expectations will be realistic and goals will be reachable. However, when it is all said and done, we want you to be able to say, "That built me up in my spiritual life!"

You are in for the adventure of lifetime ... helping to lead a dynamic, vital, spirit-filled transforming community to make disciples and to make God's love real to our community, to our region, to our world.

You are first and foremost a spiritual leader. Nothing will happen through you unless it has first happened to you. You will not be able to lead people beyond where you've been yourself. Hence, the need for deepening the spiritual life. I will continue to maintain the mantra that the best thing any of us have to bring to leadership is our transforming self. Thus, each of us must be committed to personal and corporate spiritual disciplines that support and catalyze our spiritual transformation.

One ancient practice used by communities of Christians for almost 2000 years is called a **Rule of Life**. The meaning of the word "rule" comes from the Greek word for "trellis." A trellis is a tool designed to enable a grapevine to get off the ground and grow upward, becoming more fruitful and productive. In the same way, a Rule of Life can be the trellis that helps us abide in Christ and become more spiritually fruitful.

We work on these spiritual practices all the time around MUMC. You can read more about them on page 14. These seven time-tested, biblically-grounded spiritual practices are at the heart of a healthy group of leaders and a healthy church. These seven spiritual practices place us in a position of spiritual growth and transformation.

These materials will stretch and cause you to grow. You can't imagine how fortunate MUMC is to have you serving, caring and giving through leadership.

We are in this together,

Dr. Charles (Chuck) Wilson II

MUMC DECISION PROCESS

The Methodist Church was born in the cauldron of the early days of our country. Our structure and design resemble much of our government branches, i.e., executive (President/Bishop), legislative (Congress/Annual Conference), and judicial (Supreme Court/Judicial Council). Hence, much of what you observe below is an extraordinary system of checks and balances on how decisions are made at Matthews United Methodist (MUMC). It is by no means perfect, but it does provide for accountability at every level. I know you are thankful for it.

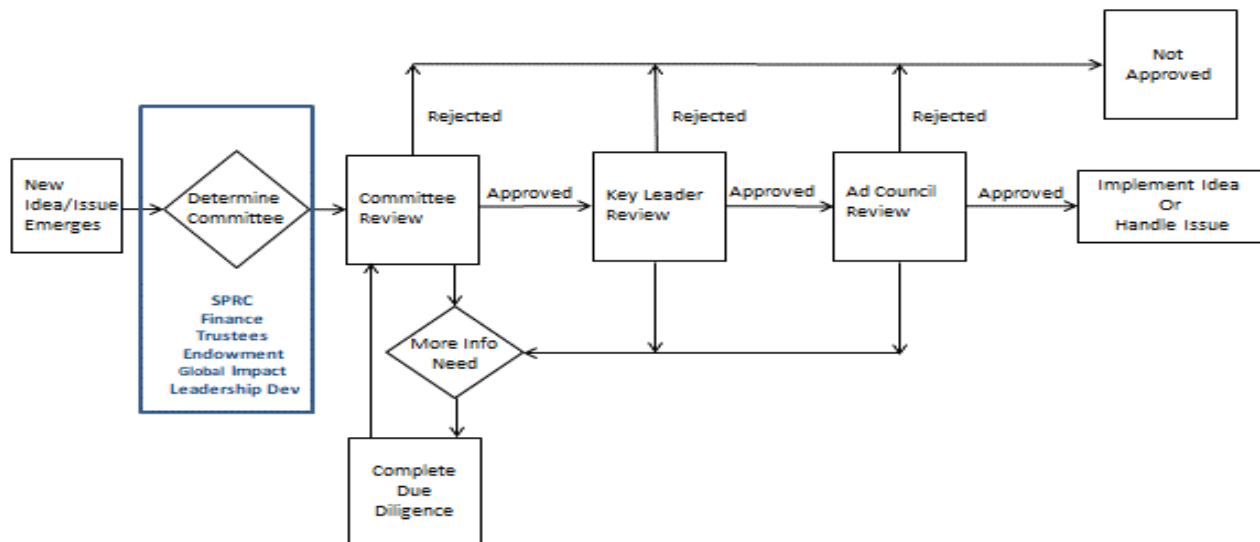

Purpose

The purpose of the MUMC decision process is to apply and execute a repeatable approach to how new ideas or issues that surface from within the congregation or arise from outside the church are reviewed, vetted and a final decision reached.

Generally speaking, new ideas or issues that come to the church fall into one of the three jurisdictions of responsibility as noted in the table below. Each jurisdiction has people (Staff and Laity) specific to that area responsible for gathering facts and reaching a decision on the path forward based on both the short-term impacts and the long-term viability of the church (see table below).

Pastoral / Staff	Admin Council / Charge Conference	Staff Parish Relations Committee
<ul style="list-style-type: none"> Spiritual / Congregational Care Church Operations Existing & New Ministries 	<ul style="list-style-type: none"> Physical Church Property Usage Capital Improvements & Maintenance Financials / Operating Budget Legal Issues 	<ul style="list-style-type: none"> Salaries (Pastoral & Staff) Personnel Issues Organizational Structure

- The “Decision Process” depicted in the diagram below addresses only those issues falling under the jurisdiction of the Administrative Council / Charge Conference.
- Key Leaders is a small group made up of the servant leader from each of the committees, the Administrative Council Servant Leader, the laity servant leader and the senior and executive pastors.
- Key Leaders serves as a “due diligence” function prior to issues going to the admin council for the larger group to discuss, debate and provide a final decision on behalf of MUMC.

Notes:

- Sharing ideas/issues is encouraged for all members of MUMC. Once the idea is raised to a leader of committee member, the decision making process can begin.
- Due diligence is any process that gathers information to enable the decision making process.
- When possible, the result of the decision making process should be communicated with the person who raised the idea/issue.

LEADERSHIP DEVELOPMENT TEAM

Purpose

The Leadership Development Team is responsible to identify, develop and support spiritual leaders as they work to achieve the mission of MUMC. The team should conduct their efforts to increase the effectiveness of laity in leadership roles and demonstrate the inclusive nature of MUMC by rotating members of the church through leadership roles to achieve a goal of having 2-3 percent of the people describe themselves as leaders. Leadership development should consist of both formal processes (specific classes, nomination criteria) and informal connections (mentoring, coaching, observation, and encouragement).

The function of the Leadership Development Team is more than filling empty slots and passing those names to the charge conference. Developing leaders means that you have a role in helping the people of your congregation recognize their value in God's sight, and you can help them become what God intends for them to be. As United Methodists, we believe that God expects us to grow and learn through our whole lives.

The Leadership Development Team is chaired by the senior pastor and should consist of 9 members. One or more member should represent the youth at MUMC, one or more member should represent young adults. The team should reflect diversity and inclusivity of the membership of MUMC.

Leadership Positions

The following is a list of elected leader positions at MUMC that fall within the responsibility of the Leadership Development Team:

- Administrative Council Servant Leader
- Administrative Council Vice Servant Leader
- Lay Leader
- Vice Lay Leader
- Finance Ministry Servant Leader
- Finance Ministry Vice Servant Leader
- Staff Parish Relations Committee Servant Leader
- Staff Parish Relations Committee Vice Servant Leader
- Global Impact Missions Team Servant Leader
- Global Impact Missions Team Vice Servant Leader
- Trustees Ministry Team Servant Leader
- Trustees Ministry Team Vice Servant Leader
- Endowment Team Servant Leader
- Endowment Team Vice Servant Leader

Pool of candidates for future leadership positions:

- Delegates to Annual Conference
- Admin Council Members at Large
- Committee Representative "At Large" that are not the Servant Leader or Vice Servant Leader

The Leadership Development Team will create and maintain a written "Role & Responsibilities" description for each position which will provide clear expectations for each position so that anyone considering filling a role will have an understanding of what the role entails. It is anticipated the expectations of all roles will change over time to meet changing social, cultural and spiritual expectations of MUMC. To address changing conditions, all Role & Responsibility descriptions will be periodically reviewed to align the written description with current expectations of any position.

Elements of a Role & Responsibility Description

- **Position Title** - Adapt the title to reflect the unique ministry of your congregation. For example, the church council might be called the leadership team or Administrative Council.
- **Result Expected** - This describes the ministry contributions this position will make to the congregation and the mission of making disciples. An example for a coordinator of older adult ministry is “an effective coordinator will work with church and community leaders of all ages to address the needs and opportunities for older adults to grow as Christian disciples.”
- **Spiritual Gifts and Helpful Qualifications** - This lists the knowledge, skills, and spiritual gifts needed and desired for the position.
- **Responsibilities** - State the specific tasks of this leader or committee. This is a list of tasks assigned by the Book of Discipline or by your congregation to this position. Include specific information on reporting and accountability.
- **Getting Started** - Help a new leader launch the ministry and begin knowledge transfer to the new servant leader as well as new committee members. This might include some things the congregation has done in the past and wants to continue or evaluate. List resources for this ministry and their location. Include the names and contact information of individuals who can help during the transition period as part of the succession plan for the new leader.

The term for each elected servant leader is three years. Exceptions to the typical term can be made to meet the needs of the church and/or to accommodate changes in the personal lives of the leader.

The vice servant leader position may be filled by an existing member of the associated team or from outside the team. The vice servant leader should be used to support the mission of the team by being the representative to other teams. The term of the vice servant leader is one year and should be rotated through the team. A vice servant leader should be appointed to overlap the last year of the servant leader in anticipation of transitioning to the servant leader role. This method will provide a mentoring opportunity and ease the transition from one leader to the next.

Parishioners may be appointed to lead focused, short duration efforts at the discretion of the senior pastor and in consultation with the Key Leaders as warranted. Although the leader of this type of effort does not fall within the structured approach of the Leadership Development Team, the candidate should be screened using the same criteria and provided support commensurate with the effort being led. Consideration should be made to utilize the pool of future leaders to fill leadership roles in these smaller efforts to gain experience.

Additional Considerations:

- No one will hold more than one elected leadership position at a time.
- An evaluation of the leader and committee members should be conducted to remove any conflict of interests or remove the potential for an imbalance of influence while conducting committee activities.
- Leadership rotation is vital to bring fresh perspective and new ideas to a position. Although it is important for people to fill different roles in order to gain experience as a leader, it is equally important to maintain a flow of new leaders to promote a shared responsibility for leading the church. Consideration should be given to provide leaders with a break between leadership appointments to prevent burnout due to fulfilling consecutive leadership assignments.

Identify Leaders

The Leadership Development Team has the privilege of helping people hear and respond to the call of God by linking their gifts, strengths, talents and abilities to meet leadership needs within the MUMC congregation and community. The development of church leaders will broaden the talent base of the Church and lead to more active engagement of a diverse group of members.

Potential leaders can be identified by several methods. Parishioners should be encouraged to express their interest to a member of the Leadership Development Team if they feel a calling to serve as a leader. Talent surveys can be utilized to invite people to reflect on their stewardship of the membership vow to participate in ministry through “prayers, presence, gifts, service, and witness” which may include leadership. A nomination process is also used by existing leaders to identify a member of the church who they believe would be a good candidate for a leadership role.

When approaching someone regarding a leadership position, committee members need to frame it as a ministry of service to God's mission and not simply as an elected position. (If it is simply an elected position, either change the position into a vital ministry role or eliminate it!)

Considerations for Leadership Roles

The following are considerations when identifying candidates for leadership positions. In addition to the listed criteria, personal qualities, interests, life experiences, knowledge and skills of the candidate should be considered.

- Must be a member of MUMC for a least one year.
- Evidence of supporting the church through prayers, presence (regular worship attendance), gifts (regular pattern of giving to God through the ministries of MUMC), and service (faithfully serving in an ongoing ministry), and witness.
- Completion of the MAGI Spiritual Gifts Workshop is required, if the candidate has not already done so. The dates are available on the church website under the Teach tab.
- Teachable spirit (still willing to learn new things) and a willing servant's heart.
- Solid, growing relationship with God, through devotion time and continuing Bible study.

MAGI workshops should be utilized to identify members of MUMC with leadership as a spiritual gift. MAGI should be administered by a certified member of the Leadership Development Team, or a certified designee, at least twice a year. Lists of members' MAGI gifts are maintained in Realm by the MUMC Database Administrator.

The LDT should maintain a list of current leaders and leadership candidates. The list should be reviewed as development opportunities arise to match positions with candidates.

Part of the initial discussion is a review of the supportive mission of the LDT so they know that they are not walking alone and to set the expectation there will be ongoing interactions throughout their leadership tenure.

Develop Leaders

Development comes through study and experience. The Leadership Development Team should work with existing church leaders, pastoral staff, and church council members to provide opportunities for leaders to grow in faith and self-understanding while accomplishing the mission of MUMC. The focus would be with an attitude of leadership development rather than "recruitment". Additionally, the Leadership Development Team should create and maintain a connection with all leaders to ensure that growth as a leader continues beyond identification. All existing leadership should demonstrate a willingness to personally develop while also nurturing the development of other members of MUMC through mentoring, coaching, and encouraging.

Christian leadership can be a position of influence, so all leaders need to be aware of their public persona / role. To be a positive influence, leaders treat questions and disagreements with respect and discretion while publicly supporting the essential work of the pastor, the church, and the Methodist denomination.

Leadership development should include spiritual development and skills development. Spiritual development may include many activities including prayer, Bible study, worship, and discipleship. Skill development may include listening, leading a meeting, delegating, organizing, and setting priorities.

The LDT should implement an orientation plan for new leaders to establish a connection with the current Servant Leader and exchange information that will enable the leader to start with the information they need to be successful. Utilize the [New Leader Orientation](#) form on page #35 to facilitate the orientation discussion. The LDT may consider a workshop for all new leaders instead of conducting orientations separately.

Support Leaders

Leaders at every level of the organization with all levels of experience need the support of the LDT and the congregation in order to be effective in their role and feel appreciated for their efforts. Support is demonstrated through outward signs of acknowledgement and recognition by members of the clergy and the congregation. Support is demonstrated by the LDT by maintaining connections with the leader and the committee, team or group. This also ensures business is being conducted in an efficient manner, goals are being met, and the leader is effectively leading the group.

Leadership support discussions should be held semiannually with each servant leader and vice servant leader utilizing the *Leadership Support Discussion Checklist* on page #36. Prior to the discussion, information about the leader's performance and committee performance should be gathered to provide feedback to the leader. The support discussion is meant to be a positive experience which demonstrates the common goal of maintaining connections in support of spiritual and leadership skill growth. When opportunities for growth exist, the discussion should include actions to facilitate changes to create better outcomes.

The LDT should conduct a semiannual review of their internal efforts to support MUMC leaders to ensure that support connections have been established and maintained with each leader.

The LDT should working closely with the pastor and church council to plan a time of prayer and commissioning for servant leaders. This could be during a worship service or a part of the charge conference or church council meeting. This public recognition is an opportunity to remind the congregation of their role in leadership support. Occasional recognition reminds people to support and encourage one another.

Here are some ideas for supporting and recognizing leaders:

- Begin the church year with a commissioning service for people who will begin and continue their service.
- Hold an annual service or day of recognition and appreciation.
- Provide ongoing training programs.
- Provide the necessary resources.
- Acknowledge the progress of each person's work and express appreciation.
- At the end of the term, thank the outgoing leaders and workers personally and publicly for their ministry in your church and community.
- Highlight ministry in daily life with website and newsletter articles and pictures.

WHAT IS EFFECTIVE LEADERSHIP

Defining Effective Leadership Development (LD)

Purpose: Provide guidelines on what “effective” leadership development means and LD areas of responsibility at MUMC. Also, establish LD performance metrics to help the LD team determine when they need to address “in service year” resignations and/or other open leadership positions in the current service year.

Guiding Principles:

- The LD team’s goal is to achieve and maintain a 100% staffing level for all elected leadership positions during the current service year.
- The LD team’s mission is to staff all elected leadership positions with members from our congregation who exhibit a “servant’s heart” for building God’s kingdom here on Earth by meeting the following three (3) elected leadership requirements:
 - 1) Has demonstrated a history of active attendance and engagement at MUMC.
 - 2) Has a demonstrated *regular pattern* of financial giving to MUMC.
 - 3) Has already completed (or will complete in the next 3 months) MAGI training.

NOTE - The LD team may determine the need to remove a sitting elected leader from their current position based on demonstrated behaviors that are incongruent with the Methodist Book of Discipline and teachings of Christ.

Effective LD Definition: The work of a servant leader is to open a way for God to work through you and the resources available to you in a particular ministry area. As a steward of the mysteries of God (see 1 Corinthians 4:1), a servant leader is entrusted with the precious and vital task of managing and using God’s gifts in the ongoing work of transformation for you are about transforming the world into the kingdom of God.

Leadership Development Success Criteria:

The success / performance metrics and guidance provided in this section are aspirational and may be redefined as needed to address changing congregational needs and priorities.

Elected Leadership (EL) Staffing Levels:

- 1) **Goal** – 100% of all EL positions are filled at the start of a current service year (February) and maintained at 100% through-out the current service year.
- 2) **Acceptable Operating Level** – 95% or higher of all EL positions are filled for current service year.
- 3) **Action Required** - 94% or lower of all EL positions are not filled and the LD team is required to take steps to fill open EL positions to meet the 95% threshold.
- 4) **Action Required** – If any committee member misses three meetings in a row, the Servant Leader is to reach out & contact to determine ongoing service commitment to the committee ministry.
- 5) **Action Required** – New leader orientation plan is completed for new leaders by March. Leadership support discussions are held semiannually with each Servant Leader and Vice Servant Leader. Semiannually, the Leadership Development Team reviews their internal efforts to support and develop each leader.

Succession Plans:

- 1) Any needed succession plan(s) to replace an elected servant leader position (Chair or Vice-Chair) rolling off at the end of their current service year are identified by April 1 of the current service year.
- 2) Candidates for targeted succession plans for leaders rolling off at the end of the current service year are identified and confirmed no later than August 1 of the current service year.
- 3) Succession plan training and execution to start no later than September 1 of the current service year.

4) Per the Methodist Book of Discipline, the Trustee committee elects its own Chairperson in the first meeting of the new service year. As such, Trustees will not follow the same schedule for succession planning and subsequent knowledge transfer / training for the Trustee servant leader (Chair) role.

Leadership Connection:

- 1) The LD team is responsible for organizing and leading each year's MUMC Leadership Connection Conference.
- 2) The Leadership Connection Conference serves as the start of the new elected leader service year and should be conducted no later than the first Saturday in February of the new calendar year.
- 3) The LD team will partner with MUMC clergy and staff to determine the Leadership Connection date, agenda, guest speakers, and any supporting content & materials.

Leadership Development Process Manager:

The senior pastor may elect to appoint a Leadership Development "Process Manager" from within the Leadership Development Team (or outside the Team) to support execution of the LD process throughout the current service year. The Process Manager will be a member of the LDT.

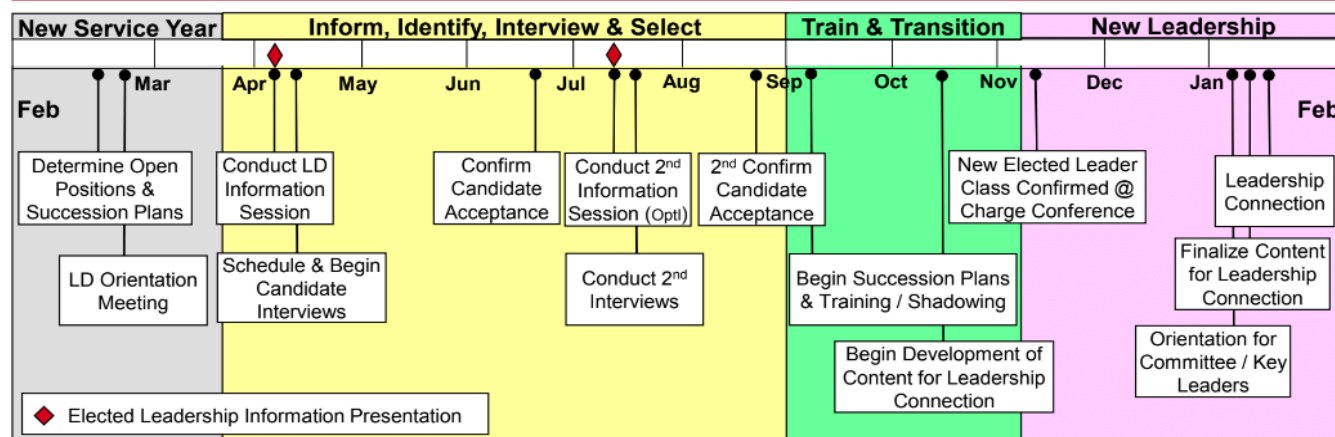

- 1) The "Process Manager" position would be responsible for leading execution of the LD Process in the current service year as defined in the LD Process Timeline document (See LD Process Timeline) to ensure LD staffing level goals are maintained throughout the service year.
- 2) The Process Manager would also be responsible for ensuring execution of Succession Plans and training as defined within each leadership committee (i.e. Admin Council, Finance, Global Impact, SPRC, Endowment and Trustees). Process Manager should check in with committee heads in January and again in October. The January conversation would be to ensure that committee orientation and knowledge transfer is taking place with new members. The October conversation would focus on succession plans and shadowing. The Process Manager would then update the Leadership Development Team.

Other Leadership Development Team Responsibilities:

- 1) Special Projects & Requests – The Leadership Development team is accountable for responding to any special requests or projects at the discretion of the senior pastor.
- 2) Communication – The LD team may also be asked to provide status updates on staffing of open elected leadership positions to the Admin Council or other MUMC bodies as appropriate.

ELECTED LEADERSHIP ROLES & RESPONSIBILITIES

Our Rule of Life

One ancient practice used by communities of Christians for almost 2000 years is called a Rule of Life. The meaning of the word “rule” comes from the Greek word for “trellis.” A trellis is a tool designed to enable a grapevine to get off the ground and grow upward, becoming more fruitful and productive. In the same way, a Rule of Life can be the trellis that helps us abide in Christ and become more spiritually fruitful.

What follows are seven time-tested, biblically-grounded spiritual practices for leaders:

1. I will practice a **persistent pattern of prayer**. My relationship with God in prayer is at the center of everything I say and do.
2. I will maintain a daily practice of **study and reflection with the Bible**. I am constantly looking for the way the Bible speaks to me.
3. I will use the **gifts God has given me to serve others** as my way of participating in God’s transformation of the world.
4. Because God loves people enough to give his Son for them, I will love people enough to **invite them to experience God’s love** and become disciples of Jesus.
5. I will live out my discipleship **with other disciples** who support me and hold me accountable for my continued growth.
6. I will **worship weekly** in the gathered congregation of followers of Jesus. It takes priority on my calendar. It sets my direction for the rest of the week.
7. I will **practice the biblical discipline of tithing**, giving the first 10% of my income to God’s work as the starting point of my life of generosity.

These seven spiritual practices, this Rule of Life, places us in a position of spiritual growth and transformation. Becoming a fully devoted follower of Jesus does not happen without these spiritual practices. Each of the elected leadership positions and ministry areas are grounded in these seven spiritual practices.

Attributes for Service

The Leadership Development Community looks for the following attributes when assessing an individual’s readiness for service in a leadership position with MUMC:

1. **MUMC Leaders are deeply devoted to Jesus Christ.** A faithful/fruitful leader is committed to a transforming relationship with Jesus Christ and to making God’s love real to as many people as possible.
2. **MUMC Leaders seek deep interior lives.** All faithful/fruitful leaders will point to the time they spend in being attentive to the spiritual life. “Time with God” is not an optional appointment. Silence and solitude are at the heart of the spiritual life.
3. **MUMC Leaders bring their history with them.** A rough childhood, a failed business, a wholesome friendship – faithful/fruitful leaders are filled with them. As with the saints of generations past, leaders channel their life experience into an architecture that God can use for good.

4. **MUMC Leaders are more concerned with making a difference than with themselves.** A faithful/fruitful leader is often self-deprecating and enjoys laughter. They don't crave the spotlight and they do good deeds when no one is around.
5. **MUMC Leaders crave a lasting legacy that is beyond themselves.** Faithful/fruitful leaders are honest about their own mortality and think beyond themselves. They build for a day when they won't be around.
6. **MUMC Leaders are discerning.** A faithful/fruitful leader lays aside her personal agenda and recognizes that knowing and doing God's will is the highest value.
7. **MUMC leaders are visionary.** A faithful/fruitful leader has the capacity to see the larger picture of the present and future ministry of MUMC.
8. **MUMC leaders recognize they are part of a community.** They know how to listen to others and to be gentle, responsive and conciliatory. They are accountable.
9. **MUMC leaders demonstrate a positive, upbeat, hopeful attitude.** But they are no Pollyanna. They are grounded in reality, but they have memorized the words of Max DePree: "The first responsibility of every leader is to define reality. The last is to say thank you. And in between the leader is to serve."
10. **MUMC leaders ask God to show us the truth of our sin and how we might become agents of God's justice, mercy, love and re-creation.** Leaders ask questions, listen to and respect diverse voices and learn how and where racism (and other forms of injustice) shows in our community and how others are harmed by its effects.

The Administrative Council Servant Leader is one of the more important roles among the servant leaders in elected leadership. The Admin Servant Leader serves as the “Conscience” of the church while facilitating the business of the church. Working in conjunction with the Lay Leader, other ministry heads and the clergy to address the most difficult risks and issues the church faces. LEADERSHIP RECOMMENDATION FORM

Please use this form to make recommendations for elected servant leaders. Return to Beth Lynn at Church Office or by email: beth@matthewsumc.org.

Attributes for Service

The Leadership Development Community looks for the following attributes when assessing an individual's readiness for service in a leadership position with MUMC:

1. **MUMC Leaders are deeply devoted to Jesus Christ.** A faithful/fruitful leader is committed to a transforming relationship with Jesus Christ and to making God's love real to as many people as possible.
2. **MUMC Leaders seek deep interior lives.** All faithful/fruitful leaders will point to the time they spend in being attentive to the spiritual life. "Time with God" is not an optional appointment. Silence and solitude are at the heart of the spiritual life.
3. **MUMC Leaders bring their history with them.** A rough childhood, a failed business, a wholesome friendship – faithful/fruitful leaders are filled with them. As with the saints of generations past, leaders channel their life experience into an architecture that God can use for good.
4. **MUMC Leaders are more concerned with making a difference than with themselves.** A faithful/fruitful leader is often self-deprecating and enjoys laughter. They don't crave the spotlight and they do good deeds when no one is around.
5. **MUMC Leaders crave a lasting legacy that is beyond themselves.** Faithful/fruitful leaders are honest about their own mortality and think beyond themselves. They build for a day when they won't be around.
6. **MUMC Leaders are discerning.** A faithful/fruitful leader lays aside her personal agenda and recognizes that knowing and doing God's will is the highest value.
7. **MUMC leaders are visionary.** A faithful/fruitful leader has the capacity to see the larger picture of the present and future ministry of MUMC.
8. **MUMC leaders recognize they are part of a community.** They know how to listen to others and to be gentle, responsive and conciliatory. They are accountable.
9. **MUMC leaders demonstrate a positive, upbeat, hopeful attitude.** But they are no Pollyannas. They are grounded in reality, but they have memorized the words of Max Depree: "The first responsibility of every leader is to define reality. The last is to say thank you. And in between the leader is to serve."
10. **MUMC leaders ask God to show us the truth of our sin and how we might become agents of God's justice, mercy, love and re-creation.** Leaders ask questions, listen to and respect diverse voices and learn how and where racism (and other forms of injustice) shows in our community and how others are harmed by its effects.

Address

Dear _____,

The Leadership Development Team would like to discuss the possibility of you serving in elected leadership at Matthews United Methodist beginning in February. You were either recommended by one of your peers in our congregation or expressed interest yourself. Either way, it is an honor to serve, and the Leadership Development Team believes you would be an asset to one of our formal elected teams.

You will be contacted in the near future by a member of our Leadership Development Team to continue the process and have conversation about the open positions. If you would prefer not to be considered, please just let the team member know when they contact you.

I have enclosed descriptions of the elected leadership positions available to help you decide if you would like to pursue this opportunity. As you reflect on your areas of interest and availability to serve, you will want to think about the qualifications for serving as a leader in the church:

- Must be a member of MUMC for a least one year
- Evidence of supporting the church through **prayers**, **presence** (regular worship attendance), **gifts** (regular pattern of giving to God through the ministries of MUMC), and **service** (faithfully serving in an ongoing ministry), and **witness**.

SAMPLE QUESTIONS FOR CONVERSATION WITH CANDIDATES

Opening:

We thank you for participating in our process for helping us to identify leaders within our church.

Our goal is to create a pool of leaders which can be called to serve over the next several years. We have a select number of spots for elected leadership, so not all people will be elected to serve, yet we want to:

- Assist in educating you to the areas of leadership & finding the best fit for you – elected leadership *and* volunteer opportunities within all ministries.
- Identify your interests, passions, and skill set to find a good fit for you to plug in.

Background:

- How long have you been a member of MUMC?
- Do you have children, family in the area?
- Did you attend another church prior to MUMC? Activities?
- What type of work (occupation) do you do?
- What are your strengths at work that might help us identify a good fit for you here at the church?
- Hobbies and interests?

Current Activities & Experience:

- What groups and activities do you presently participate in at MUMC?
- Do you participate in mission trips or other ministries?
- Where do you see your gifts being utilized in the church setting?
- Do you have a preference of committee when reviewing the elected leadership opportunities? (They should have a copy of the *Elected Leadership Descriptions* document.)

Administrative Council, Lay Delegate to Annual Conference (serves on Ad Council), Finance, Trustees, Staff Parish, Leadership Development, Endowment Team, Global Impact Team

Spiritual Journey/ Maturity:

- Are you part of a Sunday school or a bible study group?
- Are you participating regularly in worship?
- Have you taken MAGI to learn your spiritual gifts? If so, what are they?
- We ask our leaders to support MUMC through their **prayers**, **presence** (regular worship attendance), **gifts** (regular pattern of giving to God through the ministries of MUMC), and **service** (faithfully serving in an ongoing ministry), and **witness**.
- Do you support the MUMC Mission Statement?:
As members of MUMC and members of the universal Body of Christ, we are committed to REACH others for Christ, to TEACH people (including ourselves) to mature as fully devoted Disciples of Christ, to PRAISE God through worship and in everything we do, and to SERVE God and neighbor to relieve suffering in the world.

In Closing:

Thank you for taking the elected leadership at MUMC seriously. We are identifying church members interested in leadership, and looking at the spaces we have available in elected committees. If interested, we will be in touch in the coming months. In the meantime, as I'm sure you know, there are many opportunities to serve throughout all the ministries of our church.

LETTER TO KEY LEADERS

Sent end of December/First of January

Dear ____:

2022 lies behind us and 2023 is now ahead of us. Who could have imagined all we have faced ... and now, all that is ahead. Dr. Luke in Acts 2:26 quotes David, ***"I saw God before me for all time. Nothing can shake me; he's right by my side. I'm glad from the inside out, ecstatic; I've pitched my tent in the land of hope."*** This is my prayer for the days ahead, as it has been my prayer during all our challenges of the last few years. We have and will continue to plant our tent in the land of hope, and we will do this together.

I know you are already preparing for a new leadership year beginning on February. A few things might helpful during the transition month of January:

1. **Prayerfully consider the year ahead.** Seek God's direction for your work. Listen closely to how God might be nudging your heart.
2. **Reach out to all your committee/community members who are rotating off.** Some of you have already done so. Thank you. Celebrate with them the work of your committee for the past year, even in the midst of the most trying of circumstances. I will be sending a special gift of gratitude from the church to all persons who have completed their term of faithful service.
3. **Reach out to your new committee members.** They will be anxious about their service. A phone call from you will make a huge difference. Help them to prepare for virtual meetings. Also, please consider reaching out to them each month for the first few months (through May) to clarify issues, asking about their questions, and to make sure they know their voices matter.
4. **Take full advantage of our Realm platform.** We've included a step-by-step process to help you in sending notes, keeping files, etc.
5. **Consider anything from "Our Next Faithful Steps" plan** that might fall in your area. Determine how you might be able to carry out these hopes, dreams and wishes of our congregation.
6. **Make sure all your committee members (new and old) know of the Leadership Connection** . Of course, we (the church office) will be communicating to them about this important leadership development time as well. As we approach the date, we will provide all with a link.
7. **At 12:30 pm that day (January 30), we will have a virtual Administrative Council meeting to finalize our 202_ church budget.**
8. Beth Lynn will be in touch with you about a time for the two of us to have a virtual meeting before the end of the January. I look forward to this personal time of checking in with you.
9. **Key Leader Training in January**

Thank you again for taking the mantle of leadership. Our church would be infinitely less without you.

New Year hope,

Dr. Charles (Chuck) W. Wilson II

CHURCH LEADERSHIP COVENANT

The covenant that follows offers us goals that are in keeping with the values and teaching of our faith. They give us a way to talk about the behavior and practices we adopt in our work together as leaders who wrestle with change and with differences.

These covenantal behaviors are offered to leaders not as constraining prohibitions, but as spiritual habits for our leadership community.

Our Covenant with God ...

We covenant to pray, alone and together, to thank God and to ask for God's help in our lives and in our work for our church, and we covenant to listen to God's answer to us.

Our Covenant with our Matthews United Methodist Church Family ...

We covenant to demonstrate our leadership and commitment to our church by our positive example.

We covenant to faithfully worship with the community of faith called Matthews United Methodist Church.

We covenant to embrace tithing and generosity in our living and giving.

We covenant to support our church's pastors and staff so that their efforts can be most fruitful.

And we covenant to try to discover what is best for our church as a whole.

Our Covenant with Each Other as Spiritual Leaders ...

We covenant to respect, care, and pray for each other.

We covenant to treat our time as an opportunity to make an important gift to our church.

We covenant to listen with an open, non-judgmental mind to the words and ideas of others in our church.

We covenant to discuss, debate, and civilly disagree openly in meetings, expressing ourselves as clearly and honestly as possible, so we are certain that our point of view is understood.

And we covenant to support the final decision of the Council, team or committee, whether or not it reflects our view or opinion.

LEADERSHIP SUPPORT DISCUSSION CHECKLIST

Ongoing support discussions are an opportunity to lift up who/what is doing good work and to provide support where improvements can be made. Don't wait until things are going badly to make changes. Be proactive in the work and assessment of progress of both your committee and the various ministries and leadership over which you have responsibility. Consider scheduling time for formal evaluation of your committee's progress toward goals at least quarterly.

Here are the basic steps of that approach:

- What is going well? Appreciate and value the work that has been done.
- What might be? Envision how it could be even better.
- What should be? Talk about what is important—essentials.
- What will be? Discuss innovative ideas about ways to work in the future and changes that you need to make.

Here are some other evaluative questions you might ask. Your responses will help you plan future committee efforts to identify, develop, deploy, evaluate, and monitor leaders.

- Are those recruited for leadership positions practicing servant leadership principles?
- Are the missions or ministries they are leading effective? (How do we define effective?)
- Has the committee followed through with support and training?
- Are the resources used appropriate? If not, what changes are needed?
- What challenges have you experienced?
- How can your committee function be improved? Are there processes that need to be redesigned or improved?
- Are the committee members following their commitments to spiritual disciplines and confidentiality? If not, how can they improve?

Ongoing Assessment for Improvement.

Check the progress of your work regularly, and avoid making it a once-a-year assessment. Increasingly, congregations and work groups end every meeting with three questions:

- What has gone well?
- What have we learned?
- What can we do better next time?
