What is Stephen Ministry?

Stephen Ministry is a ministry in our congregation in which trained and supervised lay persons, called Stephen Ministers, provide one-to-one confidential Christian care to individuals facing life challenges or difficulties.

Where did it all start?

The Stephen Ministry was started by Kenneth Haugk, in 1975 and is headquartered in St. Louis, Missouri. As a pastor and clinical psychologist in St. Louis, Missouri, he was able to multiply the caregiving in his congregation and expanded it to more than 13,000 Stephen Ministry congregations. More than 75,000 pastors and lay leaders from those congregations have been equipped as Stephen Leaders. More than one and a half million people have had a Stephen Minister to walk with them through their troubled times.

Why the name Stephen?

The name Stephen comes from St. Stephen, who was the first lay person commissioned by the apostles to provide caring ministry to those in need as recorded in Acts 6.

Who is involved?

Pastors are the primary caregivers, but there is no way pastors can meet all of the needs for congregational care. God has called all of us, not just the pastors, to minister to one another. Stephen Ministry multiplies this ministry by turning pastors into equippers, so they can enable lay people to provide caring ministry as well. Pastor Paul Craig serves as the lead pastor supporting our group.

Stephen Leaders oversee and direct our Stephen Ministers. They recruit, train, organize and supervise the Stephen Ministers. Many of our Stephen Leaders also serve as Stephen Ministers.

Care Receivers are the recipients of Stephen Ministers care. Trust is essential to a caring relationship, and Stephen Ministers are to be trusted. Confidentiality is one of the most important principles of Stephen Ministry. What a care receiver tells his or her Stephen Minister is kept in strictest confidence.

Stephen Ministers serve as caregivers. They are caring Christian friends who listen, understand, accept and pray for and with care receivers who are working through a crisis or difficult time.

Stephen ministers are not counselors; they are trained lay caregivers. Their role is to listen and to care – not to give advice and counsel.

Stephen Ministers are also trained to recognize when a care receiver's need exceeds what they can provide. When this happens, they work with their care receivers to help to help them receiver the level of care that they need.

How can someone receive care from a Stephen Minister?
