

The agencies that will be served by the 2024 Angel Tree are:

Blessed Assurance (BA tags) provides peace of mind by taking care of people's loved ones with kindness, warmth and encouragement. Their goal is to preserve the dignity and enhance the quality of life for those they serve through a caring, stimulating, therapeutic and enjoyable environment.

C.O.S.Kids (COS tags) empowers single parents to reach financial and spiritual security by providing quality children's programs, education and life skills in a Christian environment and provide quality Christian resources and children's programs for the community at large.

As followers of Christ, Changed Choices' (CC tags) aim is to provide mental, emotional, physical and spiritual assistance to highly motivated women both during their incarceration and as they transition back into society, thus enabling them to make positive changes in their lives and to achieve self-sufficiency. This year we are including a gift card for each of the women that Changed Choices serves, in addition to gifts for their children.

Greenway Park Elementary School (GP tags) provides a safe, warm, nurturing, caring, and challenging learning environment where each child is recognized as an individual, and all children succeed. Academic achievement, social-emotional growth, and success for all are the school's primary goals.

Matthews HELP Center (SB tags) brings our community together to support families striving for financial sustainability. MHC's primary program provides short-term financial assistance to our neighbors working to regain financial stability. MHC is the primary crisis assistance organization in our community. We are asking for bikes/helmets and scooters/helmets for Matthews HELP Center.

Turning Point (TP tags) is committed to "turning our community away from domestic violence" and providing victims and their dependent children with safe shelter while they learn how to break free from their abuser.

*Thank you for helping to make the Christmas season special
for these community partners!*
